

PRODUCT DATASHEET

GLOBAL EFFECTS Kabuki Drop

Professional Curtain Release System

Product Overview

GLOBAL EFFECTS Kabuki Drop is a professional modular curtain release system designed for theatres, live events, product launches, exhibitions, television productions, and corporate presentations. Its unique fabric-gripping mechanism eliminates the need for grommets, hooks, or specially prepared curtains, enabling fast installation and reliable operation with virtually any fabric.

Key Features

- Direct fabric gripping system
- Compatible with most curtain and fabric types
- Fast loading and installation
- Modular design for reveals of any size
- Clean, reliable release mechanism
- Compact and lightweight construction
- Designed for professional stage and event applications

Why GLOBAL EFFECTS Kabuki Drop?

- ✓ No special curtains required
- ✓ No grommets or hooks
- ✓ Fast installation
- ✓ Modular architecture
- ✓ Professional-grade reliability
- ✓ Designed for live entertainment
