Cookie Policy

Last updated: October 28, 2026

This Cookie Policy explains how ARTEQ Stage Technologies (“ARTEQ,” “we,” “us,” or “our”) uses cookies and similar technologies on arteqstage.com (the “Website”).

1. What Are Cookies?

Cookies are small text files that a website stores on your computer, smartphone, or other device. They can help a website function, remember your choices, and recognise your browser when you return.

Session cookies remain until your browsing session ends. Persistent cookies remain until their expiration date or until you delete them.

Similar technologies, such as browser storage, may perform related functions. Where we use them, they are described in the section below.

2. Technologies Used on Our Website

The Website uses only strictly necessary cookies and browser storage. We do not use analytics, advertising, or any other third-party cookies or tracking pixels.

- **PHPSESSID** — session cookie. Keeps your shopping cart and session state while you browse. Removed when you close your browser.
- **_csrf** — session cookie. Protects forms on the Website against cross-site request forgery. Removed when you close your browser.
- **arteq_cookie_consent** — persistent cookie, 1 year. Records that you have seen this notice, so that it is not displayed again.
- **arteq_cookie_consent** (browser storage, localStorage) — 1 year. The same record, kept in your browser storage so the Website can read it without a server request.

> These technologies are strictly necessary for the Website to work, or serve only to remember the choice you made about this notice, so they do not require your consent. We describe them here so you know exactly what is stored on your device.

3. Information Collected

The technologies listed above store a random session identifier and your cookie-notice choice. They do not build a profile of your browsing. Standard server logs may also record technical data such as

your IP address, browser type, and the pages you request; we use this data only to operate the Website, keep it secure, and diagnose faults.

4. Your Choices

You can use your browser settings to block or delete cookies. Instructions are generally available in your browser's Help, Privacy, or Security settings.

Blocking certain cookies may affect Website functionality, including shopping cart features. Browser cookie settings do not necessarily control every type of storage technology; you can also clear site data for arteqstage.com from your browser settings.

You may also contact us at contact@arteqstage.com with any question about the technologies described in this policy.

5. Updates to This Policy

We may update this Cookie Policy when our Website technologies, practices, or legal requirements change. We will publish the revised policy on this page and update the date above.

6. Contact Us

If you have questions about this Cookie Policy, please contact:
